Type: **Vortrag**

FTIR Analysis of Carbonaceous Particles from Shock-Tube Pyrolysis in Evolution from Inception to Maturity

Wednesday, September 17, 2025 3:00 PM (20 minutes)

Primary author: KHADEMOERZAEIAN, Meysam (Duisburg-Essen university - Institute for Energy and Materials Processes)

Co-authors: Dr SHAO, Can (Duisburg-Essen university - Institute for Energy and Materials Processes); HERZLER, Jürgen (EMPI - Universität Duisburg-Essen); FIKRI, Mustapha (EMPI - Universität Duisburg-Essen); Dr SMALLWOOD, Greg. J (Metrology Research Center, National Research Council Canada); SCHULZ, Christof (EMPI, Institute for Energy and Materials Processes –Reactive Fluids)

Presenter: KHADEMOERZAEIAN, Meysam (Duisburg-Essen university - Institute for Energy and Materials Processes)

Session Classification: Session 20

Track Classification: Flammenbehandlung, Flammensynthese
