

Contribution ID: 118

Type: Vortrag

Nanoparticle formation and deposition during combustion of iron microparticles using Euler-Lagrange simulations

Wednesday, September 17, 2025 2:20 PM (20 minutes)

Primary author: MÄRKER, David (Engler-Bunte-Institute, Simulation of Reacting Thermo-Fluid Systems, Karlsruhe Institute of Technology (KIT))

Co-authors: KRONENBURG, Andreas (Institute for Reactive Flows (IRST), University of Stuttgart); HARTMANN, Nils (University of Stuttgart - Institute for Reactive Flows); STEIN, Oliver (Karlsruher Institut für Technologie, EBI-Verbrennungstechnik); LUU, Tien Duc (Karlsruher Institute of Technology - Engler-Bunte-Institute)

Presenter: MÄRKER, David (Engler-Bunte-Institute, Simulation of Reacting Thermo-Fluid Systems, Karlsruhe Institute of Technology (KIT))

Session Classification: Session 20

Track Classification: Flammenbehandlung, Flammensynthese
